

notation, copying, or indexing collections of oral data from Africa.  
(Grants are not available for field collection)

Application forms are available from the African Studies Association, 622 West 113th Street, New York, N.Y. 10025. They are due at the offices of the Association by January 1, 1969, and the announcement of the first year's awards will be made before February 1, 1969. Awards are not limited to American citizens or to members of the African Studies Association, though ultimate public deposit will be a condition of all grants-in-aid. In addition to the annual competition, small grants on an emergency basis may occasionally be made when special and temporary opportunities for transcription or translation occur during field research in Africa. Requests should be addressed to Chairman, Oral Data Committee, in care of the Association's office in New York.

Since the program of the Oral Data Committee is still in an experimental stage, the Committee would appreciate hearing about the problems, experiences, and needs of field workers and other users of oral data in any field of African Studies. Correspondence should be addressed to the Chairman of the Committee. Correspondence concerning the deposit of collections or the copying of collections already on deposit should be addressed directly to the Archives of Traditional Music in Bloomington.

CORRECTIONS TO VOLUME I, NUMBER 2

"Folkgames and Game Theory," p.4, below diagram:

"Odds for Blue one  $5-4=1$   
Blue two  $3-6= -3= 3$

We can see that for Blue to get the most out of the game he must use strategy two three times to every time he uses strategy one."

"Folkgames and Game Theory" p.5, below diagram:

"Blue odds for strategy one  $3-4= -1= 1$   
strategy two  $4-1= 3$ "
