Dr. Ruth C(lifford) Engs - Presentations, Publications & Research Data Collection.

This collection is found at IUScholarWorks: http://hdl.handle.net/2022/16829

The Collection
This document is part of a collection that serves two purposes. First, it is a digital archive for a sampling of unpublished documents, presentations, questionnaires and limited publications resulting from over forty years of research. Second, it is a public archive for data on college student drinking patterns on the national and international level collected for over 20 years. Research topics by Dr. Engs have included the exploration of hypotheses concerning the determinants of behaviors such as student drinking patterns; models that have examine the etiology of cycles of prohibition and temperance movements, origins of western European drinking cultures (attitudes and behaviors concerning alcohol) from antiquity, eugenics, Progressive Era, and other social reform movements with moral overtones—Clean Living Movements; biographies of health and social reformers including Upton Sinclair; and oral histories of elderly monks.

STUDENT ALCOHOL QUESTIONNAIRE
and the
CODE

We are conducting a national study of college students knowledge, attitudes and behaviors concerning alcohol and hope that you will volunteer to complete this questionnaire. DO NOT write your name on this questionnaire as we wish to retain your anonymity.

FILL IN THE NUMBER WHICH APPLIES TO YOU IN THE BOX BesIDE THE QUESTION.

1. Your sex: 1. Male 2. Female

2. Your age: (write in)

3. Your major:
   15. other __________________________

4. Year in School:

5. Average Grade Point Average:
   (4.0 = "A", 3.0 = "B", etc.) 1. 4.0 2. 3.5 3. 3.0 4. 2.5 5. 2.0 6. under 2.0

6. Race:
   5. Native American Indian 6. Foreign Student 7. Other __________________________

7. What religion were you brought up in?
   1. Roman Catholic 2. Jewish 3. Protestant (religion allows drinking of alcoholic beverages)
   4. Protestant (religion does not allow drinking) 5. None or other __________________________

8. How important is religion to you?

WE WOULD LIKE TO ASK YOU ABOUT YOUR DRINKING PATTERNS

9. Let's first take beer. How often, on the average, do you usually have a beer? (If you do not drink beer at all, go to question 11)
   1. every day
   2. at least once a week but not every day
   3. at least once a month but less than once a week
   4. more than once a year but less than once a month
   5. once a year or less

* **Ruth C. Engs, HPER, Indiana University, Bloomington, IN 47405, 1975**
** Ruth C. Engs and David Anderson, Bloomington, IN. 1986**
10. When you drink beer, how much, on the average, do you usually drink at any one time?
   1. more than 1 six pack (6 or more cans or tavern glasses)
   2. 5 or 6 cans of beer or tavern glasses
   3. 3 or 4 cans of beer or tavern glasses
   4. 1 or 2 cans of beer or tavern glasses
   5. less than 1 can of beer or tavern glass

11. Now let's look at table wine. If you do not drink wine at all, go to question 13. How often do you usually have wine?
   1. every day
   2. at least once a week but not every day
   3. at least once a month but less than once a week
   4. more than once a year but less than once a month
   5. once a year or less

12. When you drink wine how much, on the average, do you usually drink at any one time?
   1. over 6 wine glasses
   2. 5 or 6 wine glasses
   3. 3 or 4 wine glasses
   4. 1 or 2 wine glasses
   5. less than 1 wine glass of wine

13. Next we would like to ask you about liquor or spirits, (whiskey, gin, vodka, mixed drinks, etc.). If you do not drink liquor at all, skip question 13 and 14. How often do you usually have a drink of liquor?
   1. every day
   2. at least once a week but not every day
   3. at least once a month but less than once a week
   4. more than once a year but less than once a month
   5. once a year or less

14. When you drink liquor how many, on the average, drinks do you usually drink at any one time?
   1. over 6 drinks
   2. 5 or 6 drinks
   3. 3 or 4 drinks
   4. 1 or 2 drinks
   5. less than 1 drink

The following are common results of drinking that other students have reported. If you have never had a drink at all go to question 32. If you currently drink or have been drunk in the past put the number corresponding to the frequency of the occurrences in the box beside it.

1. at least once during the past two months and at least one additional time during the past year.
2. at least once within the past two months but not during the rest of this past year.
3. not during the past two months but at least once during the past year.
4. has happened at least once in my life but not during the past year.
5. has not happened to me.

15. have had a hangover
   24. been criticized by someone you were dating because of your drinking

16. have gotten nauseated and vomited from drinking
   25. trouble with the law because of drinking

17. driven a car after having several drinks
   26. lost a job because of drinking

18. driven a car when you know you have had too much
to drink
   27. got a lower grade because of drinking too much

19. drinking while driving a car
   28. gotten into trouble with the school administration because of behavior resulting from drinking too much

20. come to class after having several drinks
   29. gotten into a fight after drinking

21. "cut a class" after having several drinks
   30. thought you might have a problem with your drinking

22. missed a class because of a hangover
   31. damaged property, pulled false fire alarm, or other such behavior after drinking

23. arrested for DWI (Driving While Intoxicated)
WE WOULD NOW LIKE TO ASK YOU SOME INFORMATION ABOUT ALCOHOL

The questions will either be TRUE OR FALSE. If you do not know the answer to the question DO NOT GUESS. Mark a “0” in the box.

If you think the answer is TRUE, write “1” for true.
If you think the answer is FALSE, write “2” for false.
If you do not know the answer write “0” in the box.

32. Drinking milk before drinking an alcoholic beverage will slow down the absorption of alcohol into the body.

33. Wines are made by fermenting grains.

34. Alcoholic beverages do not provide weight increasing calories.

35. In America drinking is usually considered an important socializing custom in business, for relaxation and for improving interpersonal relationships.

36. Gulping of alcoholic beverages is a commonly accepted drinking pattern in this country.

37. Alcohol is usually classified as a stimulant.

38. Alcohol is not a drug.

39. A blood alcohol concentration of 0.1% is the legal definition of alcohol intoxication in most states in regards to driving.

40. Approximately 10% of fatal highway accidents are alcohol related.

41. Alcohol was used for centuries as a medicine in childbirth, sedation, and surgery.

42. Table wines contain from 2-12% alcohol by volume.

43. It is estimated that approximately 85% of the Adult Americans who drink misuse or abuse alcoholic beverages.

44. Many people drink to escape from problems, loneliness and depression.

45. Liquor mixed with soda pop will affect you faster than liquor drunk straight.

46. The most commonly drunk alcoholic beverage in the United States are distilled liquors (whiskey, gin, vodka).

47. A 150 pound person, to keep his blood alcohol concentration below the legally intoxicated level, means that he would have to drink less than 3 beers in an hour.

48. A person cannot become an alcoholic by just drinking beer.

49. To prevent getting a hangover one should sip his drink slowly, drink and eat at the same time, space drinks over a period of time, and don’t over drink for your limit.

50. Responsible drinking can result in relaxation, enhanced social interactions, and a feeling of well being.

51. Distilled liquors (gin, whiskey, vodka, etc.) usually contain about 15-20% alcohol by volume.

52. Moderate consumption of alcoholic beverages is generally not harmful to the body.

53. It takes about as many hours as the number of beers drunk to completely burn up the alcohol ingested.
54. An ounce of whiskey contains about 60 calories.

55. Many people drink for social acceptance, because of peer group pressures, and to gain adult status.

56. A blood alcohol concentration of .02 causes a person to be in a stupor.

57. Liquors such as gin, scotch, and whiskies are usually distilled from mashes made from fermenting grains.

58. Proof on a bottle of liquor represents half the per cent of alcohol contained in the bottle.

59. The United States lacks a national consensus on what constitutes the responsible use of alcoholic beverages.

60. There is usually more alcoholism in a society which accepts drunken behavior than in a society which frowns on drunkenness.

61. Beer usually contains from 2-12% alcohol by volume.

62. Eating while drinking will have no effect on slowing down the absorption of alcohol in the body.

63. Drinking coffee or taking a cold shower can be an effective way of sobering up.

64. Wines throughout history have been commonly drunk at religious ceremonies and family gatherings.

65. Drinking of alcoholic beverages has been common in the U.S.A. since the Puritans first settled here.

66. Alcohol has only been used in a very few societies throughout history.

67. Liquor taken straight will affect you faster than liquor mixed with water.

WE WOULD NOW LIKE TO ASK YOU ABOUT SOME OF YOUR FEELINGS

Mark the extent to which each of the following occurred in the environment in which you grew up as a child.

<table>

Observed myself to be an approval seeker losing my own needs in the process
Felt no sense of power or choice in the way I lived.
Had difficulty in establishing boundries between myself and others.
Thought of myself as a problem drinker.
STUDENT HEALTH STUDY

1. Religion: A. Protestant B. Catholic C. Jewish D. Other

2. Importance of Religion to You: A. Very B. Moderately C. Mildly D. Not Important

3. Marital Status: A. Married B. Single C. Divorced

4. Do you or did you have a parent or grandparent who sometimes or often drinks/drank too much? A. Yes B. No

Use the following numbers to fill out your degree of concern for yourself or others in terms of physical, mental and social health for the following items:

A. Not Concerned
B. Mildly Concerned
C. Moderately Concerned
D. Very Concerned
E. Extremely Concerned

5. Acne
6. Airplane Accidents
7. Air pollution
8. Accidents due to Electric Current
9. Alcohol Dependence
10. Nuclear Warfare
11. Auto Accidents
12. Biological and Chemical Warfare
13. Birth Control
14. Being Burned
