June 2016 Release

In June the Northwest Indiana Coincident Index continued its trend of positive growth since the beginning of the year—positive growth that began with the start of the year and rose by 0.3 points from 142.6 to 142.9. Employment fell slightly in the region, down about 2,100 jobs since last month, which is a normal seasonal for the month of June. The forecast for economic growth over the next six months remains at about 1%.

The Northwest Indiana Coincident Index measures the current pulse of the economy in Northwest Indiana. The current value of the Index and a six-month forecast is released every month.
