BREAK-OUT SESSION  What is your current research agenda?
CHOOSING A DIGITAL METHOD FOR A&H

- **Where are you in the relationship between exploration & research?**
  - Do you have a goal in mind that needs appropriate digital methods?
  - Do you want to explore digital avenues for the sake of finding a new goal?

- **How will you transfer this approach to your audiences?**
  - Carefully consider learning curves for introducing technology, especially in classroom environments

- **At what scale are you working?**

- **How will this shape who you are as part of the IU community?**
HOW TO CHOOSE A METHODOLOGY

- I know there are linguistic or visual patterns here but I can’t identify them
  **Data Mining**

- I need a better handle on how place and space work
  **Mapping**

- I need to see connections
  **Network analysis**

- I need to manipulate or be manipulated by my physical or visual environment
  **Making & Visualization**
RELIGIOUS EXPANSIONISM

1861 saw the outbreak of war between the United States and the so-called "Barbary States" of north Africa. The Barbary States interfered with commerce in the Mediterranean Sea by intercepting merchant ships, capturing sailors, and exacting tribute. American resentment eventually became military intervention by a newly formed navy and marines. This war came as an escalation of self-congratulatory cultural
As cold heat extends farthest upwards (by reason y' flame & are rarified with heate ascend) so perhaps cold may act farthest downwards because y' contiguous aire or water &c. condensed by cold will descend: but experiments doe not manifest much difference twixt y' ascent & descent of cold: but y' sphære <sic> of its activity is very small not reaching <illeg> to freeze much above 1/2 a barly corne length from a mixture of snow & ice. pag
