

# INDEX.

	PAGE.
Actinocrinus lowii . . . . .	131
Agariocrinus nodosus . . . . .	122, 133
A. Pentagonus . . . . .	133
Age of the Mounds . . . . .	286
Agricultural Society of Boone County . . . . .	162
Allophane . . . . .	38
Alpine Regions of Indiana . . . . .	254
Altitudes Along the Ft. W., R. & C. R. R. . . . .	100
Altitudes Along the I., B. & W. R. R. . . . .	100
Altitudes Along the P., C. & St. L. R. R. . . . .	100
Altitudes of Washington County, Ind. . . . .	121
Analysis of Artesian Water, Kokomo . . . . .	329
Analysis of Artesian Water, Lafayette . . . . .	69, 70
Analysis of Chalk . . . . .	42
Analysis of Clay, Kosciusko County . . . . .	43
Analysis of Kaolin . . . . .	36
Analysis of Natural Gas . . . . .	314
Analysis of Oölitic Limestone . . . . .	31
Analysis of Salem Oölitic Limestone . . . . .	142
Analysis of Sand, Kosciusko County . . . . .	43
Ancient Soil . . . . .	49
Antiquities of Benton County . . . . .	220
Archæological Collection at Purdue University . . . . .	72
Archæology of Boone County . . . . .	176
Archæology of Hancock County . . . . .	197
Archæology of Henry County . . . . .	115
Archæology of Tippecanoe County . . . . .	72
Archæology of Washington County . . . . .	151
Area of Flowing Wells in Clinton County . . . . .	155
Archimedes Limestone . . . . .	37
Arethusa Bulbosa . . . . .	247
Arrowheads . . . . .	298
Artesian Well, Bloomington . . . . .	332
Artesian Well, Lafayette . . . . .	69
Asars of Henry County . . . . .	108
Asiatic Plants in Madagascar . . . . .	244
Athyris hirsuta . . . . .	134, 137
A. lamellosa . . . . .	137
A. trinnuclea . . . . .	137
Atlantic Coast, Tropical Flora on . . . . .	244
Atrypa reticularis . . . . .	102
Ball Clay . . . . .	39
Ball's Quarry . . . . .	11
Batoocrinus christyi . . . . .	122-130
B. icosidaetylus . . . . .	137
B. irregularis . . . . .	137
B. pistillus . . . . .	133
B. plano-discus . . . . .	137

	PAGE.
<i>B. pyriformis</i> . . . . .	130
<i>B. turbinatus</i> . . . . .	131
Beck's Mills, Caves at . . . . .	152
Beckwith's Stone Quarry, Dip of Strata in . . . . .	229
Belden, Rock Exposures Near . . . . .	231
<i>Bellerophon sub-lævis</i> . . . . .	131
Benton County, Antiquities of . . . . .	220
Benton County, Coal of . . . . .	209
Benton County, Commerce of . . . . .	204
Benton County, Conglomerate Sandstone of . . . . .	207
Benton County, Drainage of . . . . .	199
Benton County, Flowing Wells of . . . . .	220
Benton County, General Geology of . . . . .	205
Benton County, Geological Survey of . . . . .	198
Benton County, History of . . . . .	204
Benton County, Keokuk Limestone of . . . . .	206
Benton County, Peat-beds of . . . . .	220
Benton County, Position and Topography of . . . . .	198
Benton County, Sections of Drift of . . . . .	213 to 219
Benton County, St. Louis Limestone of . . . . .	207
Benton County, Soil and Products of . . . . .	201
Benton County, The Drift of . . . . .	212
Benton County, Timber of . . . . .	202
Birds as Seed Carriers . . . . .	264
Bloom, Ill., Rock Exposures at . . . . .	240
Bloomington Artesian Well . . . . .	332
Boone County, Geology of . . . . .	160
Boone County, Archaeology of . . . . .	176
Boone County, Area of . . . . .	160
Boone County, Agricultural Society of . . . . .	162
Boone County, Boundaries of . . . . .	160
Boone County, Civil Townships of . . . . .	160
Boone County, General Geology of . . . . .	165
Boone County, Grain Statistics of . . . . .	165
Boone County, Paleozoic Geology of . . . . .	175
Boone County, Population of . . . . .	160
Boone County, Public Roads of . . . . .	162
Boone County, Railways of . . . . .	160
Boone County, Rods of Drain Tile in Operation . . . . .	164
Boone County, Soil and Products of . . . . .	164
Boone County, Sections of Drift of . . . . .	166 to 175
Boone County, Topography and Drainage . . . . .	162
Boone County, When Organized . . . . .	160
Blufton Gas Well . . . . .	322
<i>Bos primigenius</i> . . . . .	288
Botany, Geographical . . . . .	242
Boundaries of Boone County . . . . .	160
Boundaries of Clinton County . . . . .	157
Boundaries of Hancock County . . . . .	187
Boundaries of Marshall County . . . . .	177
Bowlder Trail in Clinton County . . . . .	157
Bowlder Tract of Henry County . . . . .	112
Building Stone of Indiana . . . . .	18, 26
Burlington Group of Washington County . . . . .	130
Burlington Rocks, Economic Value of . . . . .	133
<i>Cacabis Rufa</i> . . . . .	284
<i>Calamites canæformis</i> . . . . .	148
<i>C. sulcatus</i> . . . . .	148
<i>Calymene senaria</i> . . . . .	14
<i>Canis mississippiensis</i> . . . . .	285
<i>C. lupus</i> . . . . .	285
Carboniferous, Lower . . . . .	11
Carboniferous, Soils of the . . . . .	12
Carboniferous Sandstones . . . . .	21

	PAGE.
<i>Cardiomorpha sub-globosa</i> . . . . .	128
<i>Cariacus dolichopsis</i> . . . . .	284
Carroll County, Prehistoric Skeleton Found in . . . . .	155
<i>Castoroides ohioensis</i> . . . . .	283
<i>Catillocrinus tennesseæ</i> . . . . .	137
Caves of Washington County . . . . .	150
Cedar Lake, Soundings of . . . . .	226
Central Region . . . . .	257
Central Region, Plants of . . . . .	261
Chalk, Analysis of . . . . .	42
Character of the Gas of the Kokomo Gas Wells . . . . .	327
Chester Formation . . . . .	19
Chester Group of Tippecanoe County . . . . .	84
Chester Group of Washington County . . . . .	147
Chester Rocks, Economic Geology of . . . . .	149
Cincinnati Arch, The . . . . .	14
Cincinnati Dome . . . . .	14
Cincinnati Group, The . . . . .	10
Civil History of Hancock County . . . . .	187
Civil Townships of Boone County . . . . .	160
Classification of Mounds . . . . .	305
Clay, Analysis of . . . . .	43
Clays of Indiana, The . . . . .	34
Clays of Marshall County . . . . .	180
Clinton County, Area of Flowing Wells . . . . .	155
Clinton County, Boundaries of . . . . .	154
Clinton County, Boulder Trail in . . . . .	167
Clinton County, Drainage of . . . . .	158
Clinton County, Surface Features of . . . . .	156
Clinton County, Geological Features of . . . . .	154
Clinton County, Geological Survey of . . . . .	154
Clinton County, Terminal Moraine in . . . . .	156
Clinton Group . . . . .	11
Clinton Rocks, The . . . . .	15
Coal and Iron of Washington County . . . . .	150
Coal-Measures, The Flora of . . . . .	20
Coal-Measures, The Fossils of . . . . .	21
Coal-Measures, The . . . . .	12
Coal-Measures, The Lower . . . . .	12
Coal-Measures, A Sketch of the . . . . .	19
Coal of Benton County . . . . .	209
Commerce and Manufactures of Tippecanoe County . . . . .	71
Commerce of Benton County . . . . .	204
Compulsory Migration of Plants . . . . .	265
Conglomerate Sandstone . . . . .	19
Conglomerate Sandstone of Benton County . . . . .	207
Conglomerate Sandstone of Tippecanoe County . . . . .	85
Connected Section of Washington County . . . . .	123
<i>Conocardium cuneata</i> . . . . .	137
Contents of Mounds . . . . .	309
<i>Conularia missouriensis</i> . . . . .	144
Cook County, Ill., Rock Exposures in . . . . .	239
Cordaites . . . . .	19, 21
Corniferous Rocks . . . . .	11
Cravens' Cave . . . . .	152
Craycroft, John, Letter of . . . . .	129
Cretaceous Rocks, Dicotyledonous plants in . . . . .	248
Cryptogams in the Devonian . . . . .	247
<i>Cyathocrinus decadactylus</i> . . . . .	134
<i>Cypripedium Parviflorum</i> . . . . .	247
Decatur County, Corniferous Limestone of . . . . .	17
Delphi, Rock Exposures at . . . . .	234
Devonian Rocks, Cryptogams in . . . . .	241
Devonian Rocks of Tippecanoe County . . . . .	77

	PAGE.
Devonian Formation, Fossil Beds of . . . . .	16
Devonian Rocks, A Sketch of . . . . .	16
Devonian Rocks, Exposures of . . . . .	16
Devonian Shales . . . . .	16
Devonian Shales, Thickness of, in Tippecanoe County . . . . .	77
Devonian, The . . . . .	11
Diagram of Mounds Near Battle Ground . . . . .	73
Dicotyledonous Plants in the Devonian . . . . .	248
Dicotyles nasutus . . . . .	284
D. torquatus . . . . .	284
Dip of Strata at Folly Slough . . . . .	234
Directions of Drainage of Indiana . . . . .	255
Dorycerinus roemeri . . . . .	122
Dorycerinus unicornis . . . . .	133
Drain tiles, rods of in Boone County . . . . .	164
Drainage of Benton County . . . . .	199
Drainage of Clinton County . . . . .	158
Drift . . . . .	12
Drift of Benton County . . . . .	212
Drift of New Jersey, human implements found in . . . . .	289
Drift deposits of Indiana, superficial description of . . . . .	47
Drift, special features of the . . . . .	51
Drift of Tippecanoe County . . . . .	87
Drift of Henry County . . . . .	102
Drift of Washington County . . . . .	151
Drift, plant remains found in . . . . .	245
Drills . . . . .	299
Dry Cave . . . . .	152
Early settlements in Marshall County . . . . .	177
Earth-works in Franklin County . . . . .	310
Eaton gas well . . . . .	321
Eaton gas well, section of . . . . .	321
Economic geology of the Chester rocks . . . . .	149
Economic geology of the Upper St. Louis rocks . . . . .	147
Economic value of the Warsaw beds . . . . .	142
Economic value of the Burlington rocks . . . . .	133
Economic value of the Keokuk Limestones . . . . .	136
Educational advantages of Henry County . . . . .	97
Educational progress of Marshall County . . . . .	117
Effigy, or symbolical mounds . . . . .	309
Elements of natural gas . . . . .	314
Elephas americanus . . . . .	288
E. primigenius . . . . .	159, 284
Embankments and inclosures . . . . .	309
English Lake . . . . .	222
Epoch of the Fishermen . . . . .	289
Epoch of the Indians . . . . .	289
Epoch of the Mound Builders . . . . .	289
Epoch of the Villagers . . . . .	289
Equus fraternus . . . . .	285
E. major . . . . .	285
Eretmocerinus remibrachiatus . . . . .	122
Estimated flow of gas from Kokomo gas well No. 3 . . . . .	328
Estimated flow of gas from wells No. 1 and 2, Kokomo . . . . .	327
Eumetria verneuilliana . . . . .	137
Evansville, Mounds Near . . . . .	306
Exposures of Rock at Bloom Village, Ill . . . . .	240
Exposures of Rocks at Bridgeport Quarries, Ill . . . . .	239
Exposures of Rocks at Cook County, Ill . . . . .	239
Exposures of Rocks at Delphi, Ind . . . . .	234
Exposures of Rocks at Georgetown . . . . .	234
Exposures of Rocks at Huntington . . . . .	230
Exposures of Rocks at Kankakee, Ill . . . . .	239
Exposures of Rocks at Kentland, Ind . . . . .	235

	PAGE.
Exposures of Rocks at Kokomo . . . . .	233
Exposures of Rock at Logansport . . . . .	234
Exposures of Rock at Markle . . . . .	229
Exposures of Rock at Memence, Ill. . . . .	238
Exposures of Rock at Monon, Ind . . . . .	237
Exposures of Rock at Old Thorntown Quarries. . . . .	240
Exposures of Rock at Stony Island Quarries . . . . .	239
Exposures of Rock at Wabash, Ind . . . . .	232
Exposures of Rock Near Belden . . . . .	231
Exposures of Rock Near Peru . . . . .	233
Exposures of Rock Formations in Indiana . . . . .	255, 256
Findlay, Ohio, Natural Gas at. . . . .	319
Fisherman, Epoch of the . . . . .	289
Fleshers. . . . .	298
Flint Bar. . . . .	82
Flora, Northern . . . . .	242
Flora, Southern . . . . .	242
Flora, Tropical . . . . .	242
Flowing Wells of Benton County . . . . .	220
Folly Slough, Dip of Strata at. . . . .	234
Form of Mounds . . . . .	303
Fossil Mammoths of the Post-Pliocene of Indiana . . . . .	283
Fossils of the Warsaw Beds of Washington County, Indiana . . . . .	138
Franklin County, Earth-works in . . . . .	310
Garden Beds, The . . . . .	292
Gas in Indiana . . . . .	320
Gas, Natural . . . . .	314
General Description and History of Washington County . . . . .	117
General Geology of Benton County. . . . .	205
General Geology of Boone County . . . . .	165
