

EXPLANATION

- + Dry hole
- 1100 Total depth
- (1200) Questionable total depth
- [Stippled Area] State property from Indiana Dept. of Natural Resources, Division of Engineering, deed maps of latest record as of November 1976

Note: Numbered plats within the area bounded by narrow shading are surveys of Clark's Grant (1786) created prior to surveys establishing the congressional system of land division. For convenience in description they are assigned to congressional townships; arbitrary township boundaries are shown by wide shading, which is broken where boundary crosses the grant.

Base from Indiana Department of Conservation, Geological Survey, Base Map of Scott County, Indiana, published October 1, 1954.
