

FSSE14 Work Colleges (WRK) Consortium

Your school has requested that you answer some additional questions regarding your undergraduate experience. These questions take about 3 minutes to answer. Your continued participation is voluntary.

The following questions are being asked of faculty members of the seven work colleges in the United States. This is your opportunity to rate your unique educational experience of being a faculty member at a work college. Please respond to each question below by considering *the overall work/internship experience students have as part of your college's requirements*. Please do not include other work experiences that were unrelated to your college's program.

1. To what extent do you agree with the following?

Response options: Agree completely, Agree somewhat, Neutral, Disagree somewhat, Completely disagree

- a. I believe work is an important part of the educational program.
- b. Going to a work college helps students develop a strong work ethic.
- c. Work contributes to a student's academic success.
- d. Students apply what they learn from work to their academic courses.
- e. Attending a work college helps students learn the value of community service.
- f. The work college experience helps students learn from and interact with many different types of people.
- g. Work affects a student's college experience in a positive way.
- h. I do not think about how work affects a student's college experience.
- i. One of the reasons I chose to work at this college was because of its work program.
- j. My experience with the work program has affected my decision to remain at this college rather than take a position at another institution.
- k. Work program experiences sometimes influence a student's choice of academic major.
- l. The work program experience influences a student's career goals.
- m. The work college experience makes students more productive workers.
- n. The work college experience increases students' value in the job market.
- o. The work college experience teaches students that there is dignity in all types of work.
- p. I was aware of the work program before I was employed at the institution.
- q. I believe the work program experience is a valuable part of the overall academic experience at this college.
