SECTIONIZED TOWNSHIP

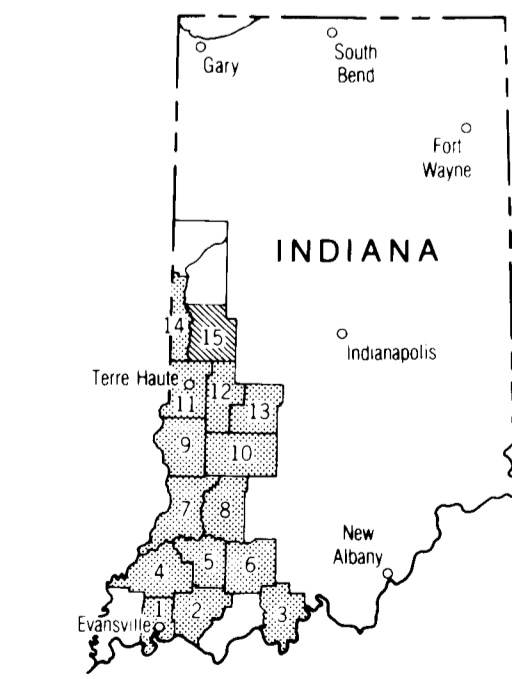

Index map of Parke County showing U.S. Geological Survey 7 1/2' topographic quadrangle map names

NOTE
The Indiana Geological Survey has a series of open-file quadrangle maps showing locations of mines and seams mined. Reproductions of company mine maps for many mines are also available.

EXPLANATION

342266
Mine-identification number. This number can be used to gain access to the Indiana Geological Survey Coal-Mine Data Base, which contains additional information on Indiana coal mines.

- Mined area
- Boundary dashed where approximately located
- Shaft
- Slope or drift

Index map showing location of Coal Map 15, Parke County, and other published coal maps.

MAP OF PARKE COUNTY, INDIANA, SHOWING LOCATIONS OF UNDERGROUND COAL MINES

Base from latest U.S. Geological Survey topographic quadrangle maps, scale 1:24,000.
