

- EXPLANATION**
- ⊕ Dry hole
 - Oil well
 - × Water repressuring or brine disposal well
 - ✕ Abandoned oil well
 - ✖ Abandoned gas well
 - ✗ Abandoned water repressuring or brine disposal well
 - 1340 Total depth
 - (1000) Questionable total depth
 - Dashed outline encloses wells classified in single field, but does not indicate field boundary
 - ▨ State property from Indiana Dept. of Natural Resources, Division of Engineering, deed maps of latest record as of March 1978
 - ▩ U. S. Government property

Total well completions within the productive areas of Miami County exceed those shown on this map; specific locations for some wells drilled many years ago cannot be determined. Although this map is known to be incomplete, it is not a preliminary map because all well locations shown have been field checked.

Note: Reserves are recognized land divisions defined prior to surveys establishing the congressional system. For convenience in description they are assigned to congressional townships; the arbitrary township boundaries are shaded.

Base from Indiana Department of Conservation, Geological Survey, Base Map of Miami County, Indiana, published February 26, 1951; revised April 5, 1961.

WELL LOCATION MAP OF MIAMI COUNTY, INDIANA
 SHOWING TOTAL DEPTH OF WELLS
 Scale approximately 1 inch to 1 mile
 Polyconic Projection

Compiled by Stanley Keller and Arthur P. Pinsak
 April 5, 1961
 Revised December 31, 1991

CHECKED WITHOUT REVISION
 DECEMBER 2000
