

# 3 WALKS OF LIFE, 2 NATIONS, 1 PROJECT

*"Books & Beyond allows students from all types of backgrounds, all over the world, to come together and promote global literacy. This student-run project lets both IU and TEAM students form the leadership skills necessary in the workforce, while at the same time teaching us the importance of coming together to promote positive change. Our partners and friends, the Kabwende students, help make this a cross-cultural exchange by sharing their stories and reminding us about the uniqueness and importance of each of our experiences."*

*—Hannah Kurowski, Indiana University student*

*"Five years ago, I joined the Books & Beyond project in efforts to make valuable my knowledge, my skills, my stories and even my life experience, which before were under risk of becoming obsolete. The project taught me about service to the community and provided me with new methods for international cultural exchange, which will enable me to have an input in both global peace and mutual understanding."*

*—Simon Pierre Munyanenza, Kabwende Summer Camp*

*"Once getting involved with B&B, I have had the opportunity to travel to Kabwende and see the effect the work we do has firsthand. Seeing the smiles on children's faces when they received the books was enough to make we want to be a part of Books & Beyond forever."*
