We took pictures and showed them to our parents. Some pictures showed our friends trying to feed the animals their favorite plants found in that area of the park.

After our visit, we went out of the national park to the Serena Hotel, where we had some food and drinks. Everyone was very happy.

When we went back to our village, our relatives and friends were waiting for us, as **eager** to know about our visit as we were to tell them all about it. They all thanked us for taking our trip. They encouraged others to follow our example by visiting tourist attractions that would benefit our country.
