ON THE COVER

Women Take the Wheel: On the Road to Professional Equality

The cover image captures the spirit of leadership and the professional “drive” of the first women to carve out careers in optometry, as well as their role in paving the way for future generations. This photo of Dr. Gertrude Stanton showing off the 1907 Oldsmobile she won in a popularity contest sponsored by the Minneapolis Star Tribune (HE3.1 r253) is one of a series held by the Minnesota Historical Society in its collection: the Gertrude Stanton Papers, 1890-1931, P1558.
