

## Recent Articles, Pamphlets, and Dissertations in Indiana History

*Editor's Note.* This list of articles, pamphlets, and dissertations published in 1982-1984 is intended as a bibliographic contribution to Indiana's history. We hope to present such a list in each March issue of the *Indiana Magazine of History*. We recognize that the list is neither complete nor systematic in coverage, and we hope that readers will help us by sending items for possible inclusion. We are especially interested in listing publications that make some contribution to understanding Indiana's past but are not normally reviewed in the IMH. Generally, we will not list newspaper articles or accounts of local historical society activities (which are reported in the *Indiana History Bulletin*), but printed pamphlets as well as journal articles may be listed. All such items for the March, 1986, issue must be received by December 1, 1985. Many people have contributed to the present list, but major responsibility has rested with Robert G. Barrows of the Indiana Historical Bureau and Amy C. Schutt of the *Indiana Magazine of History*.
