

Recent Articles, Books, Pamphlets, Dissertations, and Other Publications in Indiana History

Compiled by Leigh Darbee

Editor's Note. This list of articles, books, pamphlets, and dissertations published from 1990 to 1994 is intended as a bibliographic contribution to Indiana's history. The list will normally appear in each March issue of the *Indiana Magazine of History*. We recognize that the list is neither complete nor systematic in coverage, and we hope that readers will help us by sending items for possible inclusion. We are especially interested in listing publications that make some contribution to understanding Indiana's past but that are not usually reviewed in the IMH. Generally, we will not list newspaper articles or accounts of local historical society activities, but printed pamphlets as well as journal articles may be listed. All such items for the March, 1996, issue must be received by November 1, 1995. Many people have contributed to the present list, but major responsibility has rested with Leigh Darbee of the Indiana Historical Society.
