## Recent Articles, Books, Pamphlets, Dissertations, and Other Publications in Indiana History

*Compiled by Leigh Darbee*

*Editor's Note.* This list of articles, books, pamphlets, and dissertations published from 1993 through 1997 is intended as a bibliographic contribution to Indiana's history. The list will normally appear in each March issue of the *Indiana Magazine of History*. Since no list of this kind can ever be exhaustive, we hope that readers will help us by sending items for possible future inclusion. We are especially interested in listing publications that contribute to the understanding of Indiana's past but that are not usually reviewed in the IMH. Generally, we will not list newspaper articles or accounts of local historical society activities, but printed pamphlets as well as journal articles may be listed. All such items for the March, 1999, issue must be received by November 1, 1998. Many people have contributed to the present list, but major responsibility has rested with Leigh Darbee of the Indiana Historical Society.
