Periodicals of the camps of the armed forces and of the ordnance plants in Indiana.

The War History Commission at Indiana University is endeavoring to collect complete files of the newspapers and magazines published by these war institutions. In a number of cases there are gaps in our files. If you have copies of these periodicals, will you not notify us or send them to us? Perhaps some of the libraries in the state would care to exchange duplicates with us. In a number of instances we have duplicate numbers which we will exchange.
