

LibInsight Tool Presentation

MARTHA BARKER
Assistant Librarian and Library Collections Coordinator
Liaison to School of Business and School of Education
Indiana University Kokomo

During Spring of 2023 I presented at the ALI Technology Committee webinar *Assessment Tools used in Indiana Academic Libraries*. My presentation was about SpringShare's LibInsight tool and how to utilize it with COUNTER 5. I gave a brief demo on how to set up platforms (e.g., Elsevier, Gale, Taylor & Francis) and then how to analyze the information pulled to look at your cost-per-use. There was time at the end for questions.

If anyone wants to talk about SpringShare products or how useful it is for gathering usage statistics, please email me at maayoun@iuk.edu.
