"How Many Librarians Does it Take to Change a Light Bulb?"

The answer might surprise you! All librarians are invited for a program on the cost-benefits of membership in the Indiana University Librarians Association. The program will focus on approaches the InULA Board and its members might want to consider that will permit greater participation in the organization, its governance, and programming without extensive travel, cost, or a major commitment of time on the part of IU librarians around the state. While this sounds like a pipe dream, I believe there are options to explore and consider, and I would like to share them with InULA members and potential members. I look forward to seeing familiar faces and meeting new librarians. Do mark your calendars and plan to join us.

Happy holidays.
