Acknowledgements

The editors would like to thank the faculty at IUSB for their help in encouraging students to submit their research and reviewing papers for submission, as well as the students who worked tirelessly on their research papers; we wish we could include them all. We would also like to thank Dr. Micheline Nilsen, for her help in encouraging our cover art contest and for making it happen; the runners-up in our contest; Justin Singh, Stacey VanDenDriessche, and Kathleen Petitjean; and of course, our gratitude to Rochelle Davenport, Deborah Marr, and the IU South Bend Publications Board. Thank you to you all.
