

The IUSB Undergraduate Research Journal, published each spring, is an interdisciplinary journal of undergraduate research written, edited, peer-reviewed, and published by students of Indiana University South Bend. Papers written by IUSB undergraduates from all disciplines are eligible for publication. Manuscript preparation instructions are included in the journal. More detailed information regarding submission to the journal can be found at our website.

An electronic version of the journal is available on our webpage at:  
<http://www.iusb.edu/~journal>
